

Biosecurity Plan 2026-30 | Community Survey

Gladstone Regional Council is required to develop a new Biosecurity Plan, in accordance with the Queensland Government's Biosecurity Act 2014, which outline how biosecurity risks from invasive plants and animals will be monitored, managed and, where possible, eliminated.

Council invites the community to read the draft Biosecurity Plan and share your feedback before the plan is finalised at the end of the year.

Please return completed surveys to: Your nearest Council Office or Rural Transaction Centre or email info@gladstone.qld.gov.au. **Survey closes 31 October 2025.**

01. How clearly does the draft Biosecurity Plan clarify your role in protecting our region from biosecurity risks?

Very unclear

☐

Unclear
